

ACISP 2015 – Call For Papers

20th Australasian Conference on Information Security and Privacy

June 29 – July 1, 2015

Queensland University of Technology, Brisbane, Australia

<http://www.acisp2015.qut.edu.au/>

Original papers pertaining to all aspects of information security, cryptology, and privacy are solicited for submission to the **20th Australasian Conference on Information Security and Privacy (ACISP 2015)**. Papers may present theory, techniques, applications and practical experiences on a variety of topics. The program committee is especially interested in strengthening ACISP's support of information security papers.

Topics of interest include, but are not limited to:

- Cryptology
- Mobile security
- Authentication and authorization
- Access control
- Security protocols
- Privacy
- Risk assessment
- Viruses and malware
- Identity management
- Cryptocurrencies
- Cloud security
- Database security
- Intrusion detection
- Security management
- Network security
- Key management
- Secure electronic commerce
- Evaluation and certification
- Digital forensics
- Biometrics

Instructions for Authors

Submitted papers must be original, unpublished, and not submitted to another conference or journal for consideration of publication. Papers must be written in English and must be fully anonymous with no author names, affiliations, acknowledgements, or obvious references. Submissions should be at most 12 pages (excluding bibliography and appendices), using at least 11-point font and with reasonable margins. Papers should be sufficiently intelligible and self-contained without appendices so that PC members can review papers without them. Submissions not meeting the submission guidelines risk rejection without consideration of their merits. Paper must be submitted using the [EasyChair system](#) via the link on the ACISP 2015 website. Accepted papers will be limited to 18 pages in LNCS format.

Authors of accepted papers must guarantee that at least one of the authors will register and attend the conference and present their paper.

The proceedings will be published by Springer-Verlag as a volume of the Lecture Notes in Computer Science series.

Best Student Paper Award

A prize will be awarded to the author(s) of the best student paper. Student authors are eligible if they are principal authors and full-time students at the time of submission. This must be indicated when the paper is submitted.
